

Personal Recovery Support Fund

Guidance Notes

The Personal Recovery Support Fund makes available small awards of up to £500 in value to support individuals being supported by ACHIEVE (across Bolton, Salford and Trafford) to achieve their recovery goals. Applications MUST be supported by your ACHIEVE worker.

Guidance for ACHIEVE Service Users

You can complete this electronically and forward as an email attachment to your Achieve worker, or you can complete it as a paper document and hand to your Achieve worker. They may return it to you if more information (if required) for them to understand and support your application. Once they have completed their supporting statement, they will forward to Salford CVS.

If your application is successful your ACHIEVE follow up with you in the future to see how the fund has supported your recovery.

The Recovery Fund is here to help you overcome barriers and make it easier to achieve your recovery goals. Examples of Recovery Goals include:

- Assistance in accessing a course
- Assistance in developing a small business
- Assistance undertaking something positive in your local community
- Assistance in accessing services
- Attending recovery events / conventions to network with others in recovery

Where possible other sources of funding should be explored first, including advice agencies.

ACHIEVE ♦ BOLTON ♦ SALFORD ♦ TRAFFORD

In certain circumstances of hardship we may consider awarding a recovery budget to assist in the provision of essential items (e.g. when establishing a home or accessing employment). This may include a Citizen card for photo ID, a DBS (Disclosure and Barring Service) check, interview clothing, furniture or decorating materials.

We do not normally provide cash. Goods or services are typically purchased directly by ACHIEVE colleagues at Salford CVS. In some circumstances awards may be made in form of vouchers for use at certain shops.

Please note that basic standard new items or good quality refurbished items will be sourced for successful applicants. High specification, top-of-the-range items will not be considered.

For further information, please contact your ACHIEVE worker.

Guidance for ACHIEVE Staff

As front line staff making recommendations on these funds it is essential that your supporting statement includes the following:

- Your view on how the application will assist the individual achieve their recovery goals.
- Confirm that no other means of support have been identified to fund items in the bid.
- Confirm that any successful award will be referenced within the individual's recovery plan
